

London Christian Elementary School

September 20, 2021

From time to time we have students wishing to ride on other buses than their own, or wishing to be dropped off at other stops than their regular one. To ensure safety for all students, please note the following:

1. Students **must** have written permission from their own parent(s) to ride a bus other than their own, or, in the case that they don't normally ride the bus, to ride home with a bus friend.
2. At this time, and until further notice, only one extra rider per regular bus rider is possible as we work within COVID guidelines.
3. Students will not be dropped off at stops other than their own, except with written permission from their own parent(s). Please note that bus drivers cannot change their bus routes to accommodate these needs.

Below is a copy of a busing permission form. Further copies can be found in the busing section of the school website at <https://londonchristian.ca> for you to print out and sign.

Thanks for your assistance!
